NOTICE OF STUDY COMMENCEMENT

**NOTICE OF STUDY COMMENCEMENT
PRELIMINARY DESIGN AND CLASS ENVIRONMENTAL ASSESSMENT
Highway 138 Improvements from Highway 401 to Highway 417
(GWP 4015-08-00)**

The Ontario Ministry of Transportation (MTO) has retained Stantec Consulting Ltd. to undertake a Preliminary Design and Class Environmental Assessment (Class EA) Study for operational and safety improvements to approximately 35 kilometres of Highway 138 between Highway 401 and Highway 417 in the City of Cornwall and the Townships of North Stormont and South Stormont.

The purpose of the study is to identify a Recommended Plan for improvements as part of the Ministry's ongoing review of safety and operational needs for the provincial highway network. The improvements could include intersection improvements, turning lanes, passing lanes, drainage improvements, possible carpool parking, corridor access and entrance reviews, and snowdrift mitigation.

This study will include reviewing existing conditions and the development and evaluation of a range of reasonable alternatives to determine the most appropriate short, medium, or long term improvement plans. A Recommended Plan will be selected and designated (protected) at the completion of the study.

THE PROCESS

This study is a "Group B" project under the *Class Environmental Assessment (EA) for Provincial Transportation Facilities (2000)* and includes undertaking environmental and engineering field investigations and seeking input from the public, local municipalities, external ministries/agencies, and businesses. Two Public Information Centres (PICs) are planned, and notices of the PICs will be placed in local newspapers and sent to the project mailing list.

Upon completion of preliminary design, a *Transportation Environmental Study Report (TESR)* will be prepared and made available for public review. Notices will be published in local newspapers to advise the public of the TESR public review period.

COMMENTS

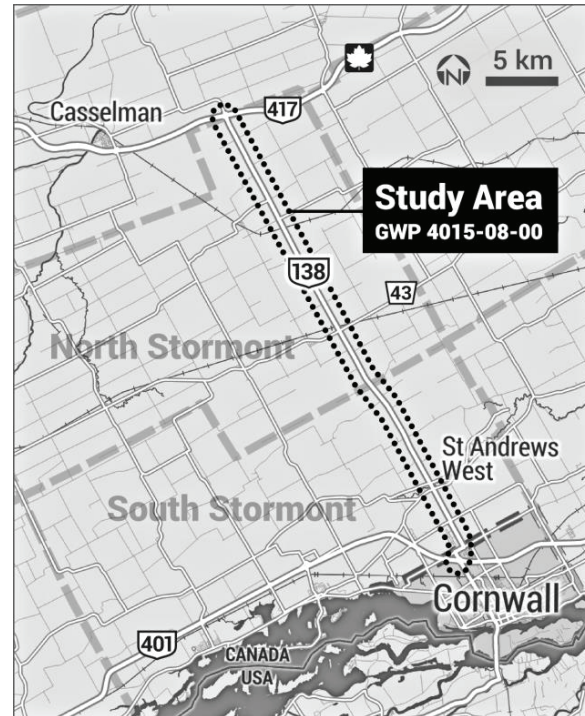

You are encouraged to participate in the study and to provide comments in writing to the project team. If you wish to have your name added to the project mailing list or have questions about the study please contact:

**AVIS DE DÉBUT D'ÉTUDE
ÉTUDE DE CONCEPTION PRÉLIMINAIRE ET D'ÉVALUATION
ENVIRONNEMENTALE DE PORTÉE GÉNÉRALE
Améliorations à l'autoroute 138, entre l'autoroute 401 et l'autoroute 417**

Le ministère des Transports de l'Ontario (MTO) a retenu les services de Stantec Consulting Ltd. afin d'effectuer l'étude de conception préliminaire et d'évaluation environnementale de portée générale des améliorations opérationnelles et de sécurité à l'autoroute 138 sur environ 35 kilomètres, entre l'autoroute 401 et l'autoroute 417, dans la Ville de Cornwall et les cantons de North Stormont et South Stormont.

L'étude a pour but d'identifier un plan recommandé pour les améliorations, dans le cadre de l'examen continu de la sécurité et des besoins opérationnels pour le réseau provincial d'autoroutes, effectué par le ministère. Les améliorations pourraient notamment porter sur les intersections, les voies de virage, les voies de dépassement, le système de drainage, stationnement de covoiturage potentiel, les examens des accès et des entrées aux corridors, et l'atténuation de la poudrerie.

Cette étude inclura un examen des conditions existantes et l'élaboration et l'évaluation d'une gamme de solutions raisonnables afin de déterminer les plans d'amélioration les plus appropriés à court, moyen et long terme. Un plan recommandé sera sélectionné et désigné (protégé) à la fin de l'étude.

LE PROCESSUS

Cette étude est un projet de « groupe B » en vertu de *l'évaluation environnementale de portée générale pour les installations provinciales de transport (2000)* et inclut des enquêtes sur l'environnement et l'ingénierie sur le terrain ainsi que la sollicitation des commentaires du public, des municipalités locales, des ministères ou organismes externes et des entreprises. Deux Centres d'information publique sont planifiés, et des avis à ce sujet seront publiés dans les journaux locaux et envoyés aux personnes dont les noms figurent sur la liste d'envoi du projet.

À la fin de l'étude de conception préliminaire, un *rapport d'étude sur l'environnement du transport* sera préparé et mis à la disposition du public à des fins d'examen. Des avis seront publiés dans les journaux locaux pour informer le public de la période d'examen public du rapport d'étude sur l'environnement du transport.

COMMENTAIRES

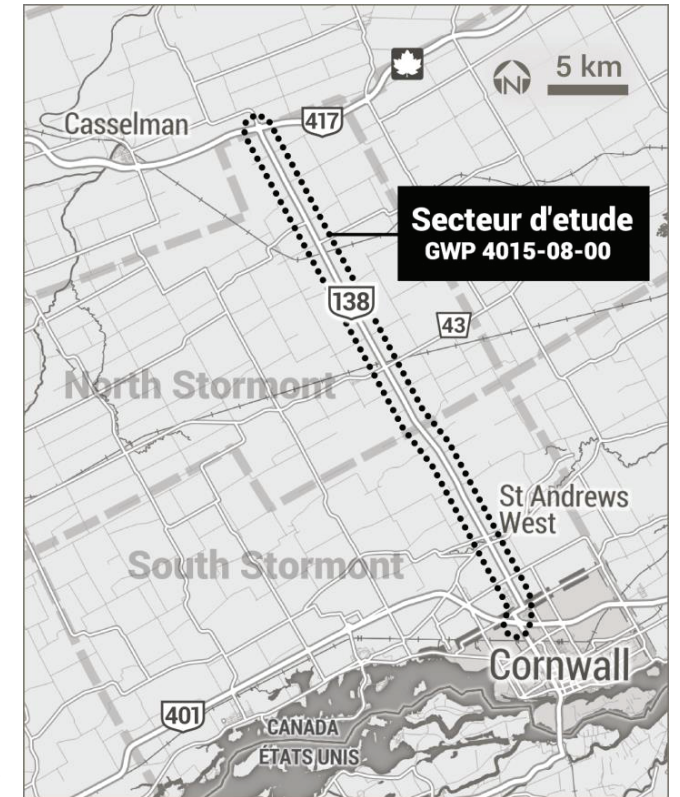

Vous êtes encouragés à participer à l'étude et à fournir des commentaires écrits à l'équipe de projet. Si vous souhaitez faire ajouter votre nom à la liste d'envoi du projet ou si vous avez des questions au sujet de l'étude, veuillez contacter :

The purpose of the study is to identify a Recommended Plan for improvements as part of the Ministry's ongoing review of safety and operational needs for the provincial highway network. The improvements could include intersection improvements, turning lanes, passing lanes, drainage improvements, corridor access and entrance reviews, possible carpool parking, and snowdrift mitigation.

The study includes:

- Collecting and reviewing relevant background information and seeking input from the public, Aboriginal and First Nation groups, and external ministries/agencies
- Carrying out field investigations to confirm environmental and engineering information
- Detailed natural science, fisheries, migratory bird, and noise studies
- A Stage 1 Archaeological Assessment and Stage 2 Archaeological Assessment

This preliminary design study is following an approved planning process under the *Class Environmental Assessment for Provincial Transportation Facilities* (2000) for a Group "B" project and will document the existing conditions and sensitivities of the study area, examine potential impacts/changes, give recommendations for proposed mitigation, and outline any commitments for future environmental work.

A *Transportation Environmental Study Report* will be prepared documenting the existing natural and socio-economic environment, a summary of the Recommended Plan and design features, potential impacts of the undertaking, required mitigation procedures, and commitments to future work.

As part of the study commencement, MTO is inviting you to participate in this study and assist us in identifying the environmental, social, and cultural values your community may have within the study area. If you are aware of any additional First Nation or Aboriginal communities that we should be contacting, please forward that information to me and I will include them on our agency contact list.

NOTICE OF PUBLIC INFORMATION CENTRE 1

**NOTICE OF PUBLIC INFORMATION CENTRE (PIC) 1
PRELIMINARY DESIGN AND CLASS ENVIRONMENTAL ASSESSMENT
Highway 138 Improvements from Highway 401 to Highway 417 (GWP 4015-08-00)**

The Ontario Ministry of Transportation (MTO) has retained Stantec Consulting Ltd. to undertake a Preliminary Design and Class Environmental Assessment (Class EA) Study for operational and safety improvements to approximately 35 kilometres of Highway 138 between Highway 401 and Highway 417 in the City of Cornwall and the Townships of North Stormont and South Stormont.

The purpose of the study is to identify a Recommended Plan for improvements as part of the Ministry's ongoing review of safety and operational needs for the provincial highway network. The improvements could include intersection improvements, turning lanes, passing lanes, drainage improvements, possible carpool parking, corridor access and entrance reviews, and snowdrift mitigation.

This notice is to announce the first Public Information Centre (PIC). The purpose of PIC 1 is to display and seek input on the preliminary improvement alternatives and existing conditions in the study area. The PIC will be a drop-in format and will be held on:

**Wednesday, June 15, 2016
Cornwall Township Lions Club
17413 McPhail Road
4:00 PM to 8:00 PM**

The project team is seeking information about local carpool / commuter behaviours as part of this PIC. We encourage you to visit the project website at www.highway138study.ca to complete the carpool / commuter survey to assist with this process. Copies of the survey will also be available at the PIC.

THE PROCESS

This study is a "Group B" project under the Class Environmental Assessment (EA) for Provincial Transportation Facilities (2000) and includes undertaking environmental and engineering field investigations and seeking input from the public, local municipalities, external ministries/agencies, and businesses. A second PIC is tentatively scheduled for the fall of 2016. Upon completion of preliminary design, a *Transportation Environmental Study Report* (TESR) will be prepared and made available for public review. Notices will be published in local newspapers to advise the public of the TESR public review period.

COMMENTS

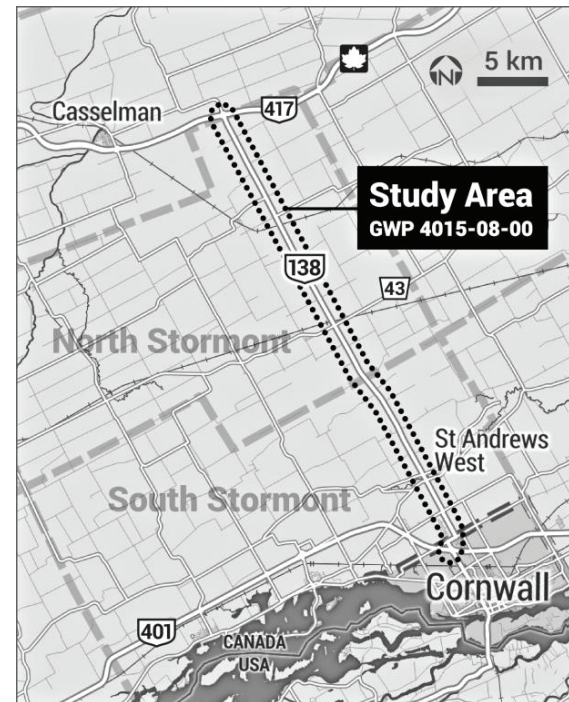

You are encouraged to participate in the study and to provide comments in writing to the project team. If you wish to have your name added to the project mailing list or have questions about the study please contact:

**AVIS DE SÉANCE D'INFORMATION PUBLIQUE N° 1
ÉTUDE DE CONCEPTION PRÉLIMINAIRE ET D'ÉVALUATION ENVIRONNEMENTALE DE PORTÉE GÉNÉRALE**

Améliorations à l'autoroute 138, entre l'autoroute 401 et l'autoroute 417 (GWP 4015-08-00)

Le ministère des Transports de l'Ontario (MTO) a retenu les services de Stantec Consulting Ltd. afin d'effectuer l'étude de conception préliminaire et d'évaluation environnementale de portée générale des améliorations opérationnelles et de sécurité à l'autoroute 138 sur environ 35 kilomètres, entre l'autoroute 401 et l'autoroute 417, dans la Ville de Cornwall et les cantons de North Stormont et South Stormont.

L'étude a pour but d'identifier un plan recommandé pour les améliorations, dans le cadre de l'examen continu de la sécurité et des besoins opérationnels pour le réseau provincial d'autoroutes, effectué par le ministère. Les améliorations pourraient notamment porter sur les intersections, les voies de virage, les voies de dépassement, le système de drainage, stationnement de covoiturage potentiel, les examens des accès et des entrées aux corridors, et l'atténuation de la poudrière.

Le présent avis sert à annoncer le premier séance d'information publique (SIP). L'objectif du SIP consiste à présenter les améliorations préliminaires et les conditions existantes et de solliciter les commentaires du public. On peut se présenter à la SIP au moment de son choix. Des membres de l'équipe du projet seront sur place pour répondre aux questions au sujet de l'étude. La SIP doit avoir lieu:

**le mercredi, le 15 juin 2016
Club Lions du Canton de Cornwall
17413, route McPhail
De 16 h à 20 h**

Dans le cadre du centre d'information, l'équipe du projet recherche des renseignements sur le covoiturage local et les comportements des navetteurs. Nous vous invitons à visiter le site Web du projet à l'adresse www.highway138study.ca afin de remplir le sondage sur le covoiturage et le navettage dans le cadre de ce processus. Des copies du sondage seront également disponibles lors du SIP.

LE PROCESSUS

Cette étude est un projet de « groupe B » en vertu de l'évaluation environnementale de portée générale pour les installations provinciales de transport (2000) et inclut des enquêtes sur l'environnement l'ingénierie sur le terrain et la sollicitation des commentaires du public, des municipalités locales, des ministères ou organismes externes et des entreprises. Un deuxième centre d'information est provisoirement prévu pour l'automne 2016. À la fin de l'étude de conception préliminaire, un rapport d'étude sur l'environnement du transport sera préparé et mis à la disposition du public à des fins d'examen. Des avis seront publiés dans les journaux locaux pour informer le public de la période d'examen public du rapport d'étude sur l'environnement du transport.

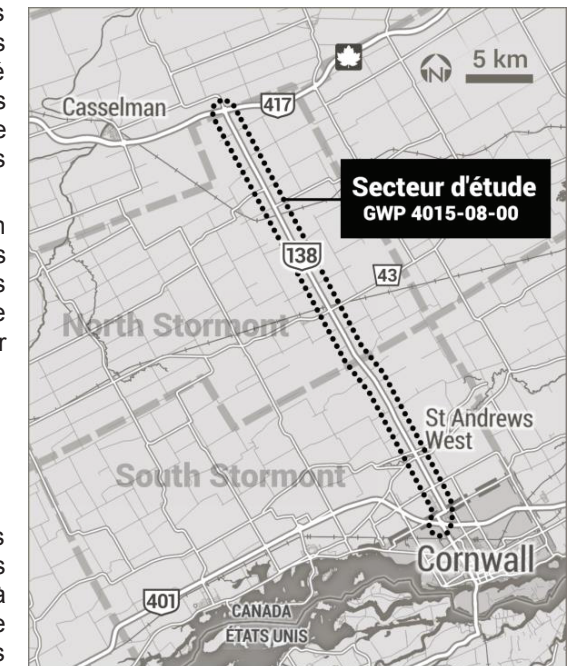

COMMENTAIRES

Vous êtes encouragés à participer à l'étude et à fournir des commentaires écrits à l'équipe de projet. Si vous souhaitez faire ajouter votre nom à la liste d'envoi du projet ou si vous avez des questions au sujet de l'étude, veuillez contacter :

(GWP 4015-08-00) Notice of Public Information Centre (PIC) 1**

I am writing to invite you to the first Public Information Centre (PIC) for a Preliminary Design and Class Environmental Assessment (Class EA) Study of approximately 35 km of Highway 138 between Highway 401 and Highway 417 in the City of Cornwall and the Townships of North Stormont and South Stormont. A notice providing details of the PIC is attached.

External agencies are invited to view the PIC displays in advance of the public on **Wednesday, June 15, 2016**, from 3:00 PM to 4:00 PM, at the Cornwall Township Lions Club, 17413 McPhail Road. The general public session is planned between 4:00 PM and 8:00 PM at the same location. The PIC will provide you with an opportunity to review the preliminary improvement alternatives and proposed evaluation criteria, provide comments, and address questions or concerns directly with representatives of the project team. Please feel free to attend either session. Additional information regarding the study is available on the project website at www.highway138study.ca.

Notices to advise the public of the PIC are being placed in the *Cornwall Standard Freeholder* (in English), in the *Cornwall Seaway News* (in English), and in *Cornwall Express* (in French) on Thursday, June 2, 2016.

If you are unable to attend the PIC and would like further information regarding the study, please contact the undersigned.

Letter to First Nations / Aboriginal Communities

Dear

**Reference: Preliminary Design and Class Environmental Assessment
Highway 138 Improvements from Highway 401 to Highway 417 (GWP 4015-08-00)
Notice of Public Information Centre (PIC) 1**

The Ontario Ministry of Transportation (MTO) has retained Stantec Consulting Ltd. to undertake a Preliminary Design and Class Environmental Assessment (Class EA) Study of approximately 35 kilometres of Highway 138 between Highway 401 and Highway 417 in the City of Cornwall and the Townships of North Stormont and South Stormont. This letter is to advise you of the first Public Information Centre (PIC) planned for the study.

A letter was sent to you in January 2016 to notify you of the commencement of the study, to provide you with information regarding environmental field investigations that are planned for this study, and to invite your input. The purpose of this letter is to advise you of an opportunity to review the preliminary improvement alternatives, existing environmental conditions map, and proposed evaluation process and criteria to be used to identify a Recommended Plan.

You are invited to view the PIC displays in advance of the public on **Wednesday, June 15, 2016, from 3:00 PM to 4:00 PM, at the Cornwall Township Lions Club, 17413 McPhail Road**. The general public session is planned between 4:00 PM and 8:00 PM at the same location. You are welcome to drop in anytime to review the display materials, provide comments, and address questions or concerns directly with representatives of the project team.

Should you have any questions, please contact me at (613) 547-1740 or 1-800-267-0295, or by email at peter.freure@ontario.ca. If you would prefer a meeting with ministry staff, that could also be arranged. Please contact me at your earliest convenience if you are interested in such a meeting.

Yours Truly,

Peter Freure, P. Eng.

LETTER TO IMPACTED PROPERTY OWNERS

Dear Title Last Name,

**Reference: Preliminary Design and Class Environmental Assessment
Highway 138 Improvements from Highway 401 to Highway 417 (GWP 4015-08-00)
Notice of Public Information Centre (PIC) 1**

Stantec Consulting Ltd. has been retained by the Ontario Ministry of Transportation (MTO) to undertake a Preliminary Design and Class Environmental Assessment (Class EA) Study of approximately 35 kilometres of Highway 138 between Highway 401 and Highway 417 in the City of Cornwall and the Townships of North Stormont and South Stormont. The purpose of this letter is to invite you to the first Public Information Centre (PIC) planned for the study. A copy of the PIC notice is attached.

This letter is to advise you that one or more of the Preliminary Improvement Alternatives may directly affect your property. Plans detailing the potential impacts and property requirements will be on display at the upcoming PIC. Representatives from the project team and a representative from the Ministry of Transportation Property Section will be available to address questions or comments directly.

The first Public Information Centre is scheduled for:

**Wednesday, June 15, 2016
4:00 PM to 8:00 PM
Cornwall Township Lions Club
17413 McPhail Road**

If you are unable to attend the PIC and would like further information regarding the study, please contact either the undersigned or one of the project team members named in the enclosed information.

Regards,

STANTEC CONSULTING LTD.

NOTICE OF PUBLIC INFORMATION CENTRE 2

**NOTICE OF PUBLIC INFORMATION CENTRE (PIC) 2
PRELIMINARY DESIGN AND CLASS ENVIRONMENTAL ASSESSMENT
Highway 138 Improvements from Highway 401 to Highway 417 (GWP 4015-08-00)**

The Ontario Ministry of Transportation (MTO) has retained Stantec Consulting Ltd. to undertake a Preliminary Design and Class Environmental Assessment (Class EA) Study for operational and safety improvements to approximately 35 kilometres of Highway 138 between Highway 401 and Highway 417 in the City of Cornwall and the Townships of North Stormont and South Stormont.

The purpose of the study is to identify a Recommended Plan for improvements as part of the Ministry's ongoing review of safety and operational needs for the provincial highway network. The improvements could include intersection improvements, turning lanes, passing lanes, drainage improvements, possible carpool parking, corridor access and entrance reviews, and snowdrift mitigation.

This notice is to announce the second Public Information Centre (PIC). The purpose of PIC 2 is to display and seek input on the Recommended Plan, and answer questions about the study. The PIC will be a drop-in format and will be held on:

**Wednesday, December 14, 2016
Cornwall Township Lions Club
17413 McPhail Road
4:00 PM to 8:00 PM**

THE PROCESS

This study is a "Group B" project under the *Class Environmental Assessment (EA) for Provincial Transportation Facilities (2000)* and includes undertaking environmental and engineering field investigations and seeking input from the public, local municipalities, external ministries/agencies, and businesses. Upon completion of preliminary design, a *Transportation Environmental Study Report (TESR)* will be prepared and made available for public review. Notices will be published in local newspapers to advise the public of the TESR public review period.

COMMENTS

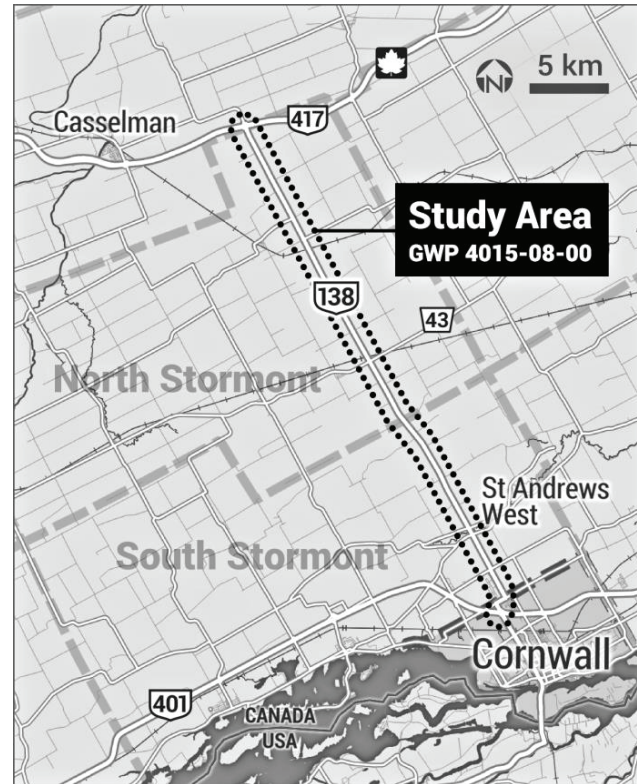

You are encouraged to participate in the study and to provide comments in writing to the project team. If you wish to have your name added to the project mailing list or have questions about the study please contact:

**AVIS DE SÉANCE D'INFORMATION PUBLIQUE N° 2
ÉTUDE DE CONCEPTION PRÉLIMINAIRE ET D'ÉVALUATION ENVIRONNEMENTALE DE PORTÉE GÉNÉRALE**

Améliorations à l'autoroute 138, entre l'autoroute 401 et l'autoroute 417 (GWP 4015-08-00)

Le ministère des Transports de l'Ontario (MTO) a retenu les services de Stantec Consulting Ltd. afin d'effectuer l'étude de conception préliminaire et d'évaluation environnementale de portée générale des améliorations opérationnelles et de sécurité à l'autoroute 138 sur environ 35 kilomètres, entre l'autoroute 401 et l'autoroute 417, dans la Ville de Cornwall et les cantons de North Stormont et South Stormont.

L'étude a pour but d'identifier un plan recommandé pour les améliorations, dans le cadre de l'examen continu de la sécurité et des besoins opérationnels pour le réseau provincial d'autoroutes, effectué par le ministère. Les améliorations pourraient notamment porter sur les intersections, les voies de virage, les voies de dépassement, le système de drainage, stationnement de covoiturage potentiel, les examens des accès et des entrées aux corridors, et l'atténuation de la poudrière.

Le présent avis sert à annoncer la deuxième séance d'information publique (SIP). L'objectif du SIP consiste à solliciter des commentaires sur le plan recommandé et de répondre aux questions au sujet de l'étude. La SIP doit avoir lieu :

**le mercredi, le 14 décembre 2016
Cornwall Township Lions Club
17413, chemin McPhail
De 16 h à 20 h**

LE PROCESSUS

Cette étude est un projet de « groupe B » en vertu de l'évaluation environnementale de portée générale pour les installations provinciales de transport (2000) et inclut des enquêtes sur l'environnement l'ingénierie sur le terrain et la sollicitation des commentaires du public, des municipalités locales, des ministères ou organismes externes et des entreprises. À la fin de l'étude de conception préliminaire, un rapport d'étude sur l'environnement du transport sera préparé et mis à la disposition du public à des fins d'examen. Des avis seront publiés dans les journaux locaux pour informer le public de la période d'examen public du rapport d'étude sur l'environnement du transport.

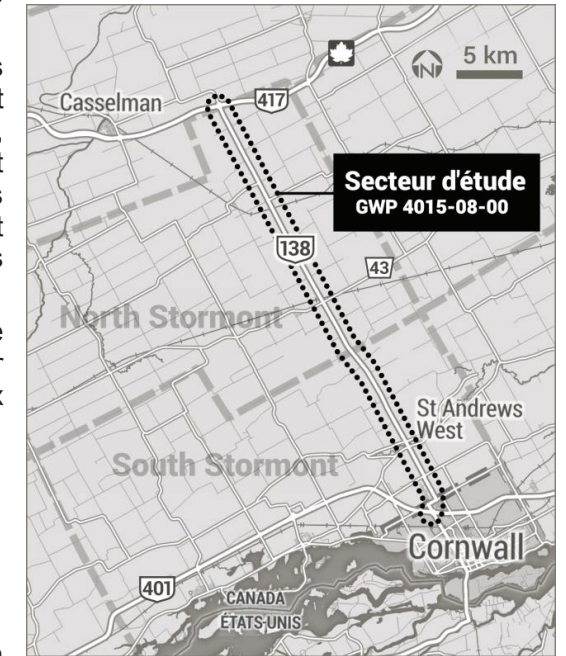

COMMENTAIRES

Vous êtes encouragés à participer à l'étude et à fournir des commentaires écrits à l'équipe de projet. Si vous souhaitez faire ajouter votre nom à la liste d'envoi du projet ou si vous avez des questions au sujet de l'étude, veuillez contacter :

Dear Mr. Crack:

**Reference: Preliminary Design and Class Environmental Assessment
Highway 138 Improvements from Highway 401 to Highway 417
(GWP 4015-08-00) Notice of Public Information Centre (PIC) 2**

I am writing to invite you to the second Public Information Centre (PIC) for a Preliminary Design and Class Environmental Assessment (Class EA) Study of approximately 35 km of Highway 138 between Highway 401 and Highway 417 in the City of Cornwall and the Townships of North Stormont and South Stormont. A notice providing details of the PIC is attached.

External agencies are invited to view the PIC displays in advance of the public on **Wednesday, December 14, 2016**, from 3:00 PM to 4:00 PM, at the Cornwall Township Lions Club, 17413 McPhail Road. The general public session is planned between 4:00 PM and 8:00 PM at the same location. The PIC will provide you with an opportunity to review the Recommended Plan, provide comments, and address questions or concerns directly with representatives of the project team. Please feel free to attend either session. Additional information regarding the study is available on the project website at www.highway138study.ca.

Notices to advise the public of the PIC are being placed in the *Cornwall Standard Freeholder* (in English), on Tuesday, November 29, 2016, and in the *Cornwall Seaway News* (in English), and in *Cornwall Express* (in French) on Thursday, December 1, 2016.

If you are unable to attend the PIC and would like further information regarding the study, please contact the undersigned.

Sincerely,

Peter Freure, P.Eng.

Letter to First Nations and Aboriginal Groups

Attention:

Dear

**Reference: Preliminary Design and Class Environmental Assessment
Highway 138 Improvements from Highway 401 to Highway 417 (GWP 4015-08-00)
Notice of Public Information Centre (PIC) 2**

The Ontario Ministry of Transportation (MTO) has retained Stantec Consulting Ltd. to undertake a Preliminary Design and Class Environmental Assessment (Class EA) Study of approximately 35 kilometres of Highway 138 between Highway 401 and Highway 417 in the City of Cornwall and the Townships of North Stormont and South Stormont. This letter is to advise you of the second Public Information Centre (PIC) planned for the study.

A letter was sent to you in June 2016 to notify you of the first PIC, to provide you with an opportunity to review the preliminary improvement alternatives, existing environmental conditions maps, and proposed evaluation process and criteria to be used to identify a Recommended Plan. The purpose of this letter is to advise you of an opportunity to review the Recommended Plan, provide comments, and address questions or concerns directly with representatives of the project team.

You are invited to view the PIC displays in advance of the public on **Wednesday, December 14, 2016, from 3:00 PM to 4:00 PM, at the Cornwall Township Lions Club, 17413 McPhail Road.** The general public session is planned between 4:00 PM and 8:00 PM at the same location. You are welcome to drop in anytime to review the display materials, provide comments, and address questions or concerns directly with representatives of the project team.

Should you have any questions, please contact me at (613) 547-1740 or 1-800-267-0295, or by email at peter.freure@ontario.ca. If you would prefer a meeting with ministry staff, that could also be arranged. Please contact me at your earliest convenience if you are interested in such a meeting.

Yours Truly,

Peter Freure, P. Eng.
MTO Project Engineer

Letter to Impacted Property Owners

Dear Title Last Name,

**Reference: Preliminary Design and Class Environmental Assessment
Highway 138 Improvements from Highway 401 to Highway 417 (GWP 4015-08-00)
Notice of Public Information Centre (PIC) 2**

Stantec Consulting Ltd. has been retained by the Ontario Ministry of Transportation (MTO) to undertake a Preliminary Design and Class Environmental Assessment (Class EA) Study of approximately 35 kilometres of Highway 138 between Highway 401 and Highway 417 in the City of Cornwall and the Townships of North Stormont and South Stormont. Notice of the first Public Information Centre (PIC) was sent to you in June 2016. The purpose of this letter is to invite you to the second PIC planned for the study. A copy of the PIC notice is attached.

This letter is to advise you that the Recommended Plan may directly affect your property. Plans detailing the potential impacts and property requirements will be on display at the upcoming PIC. In addition, zoomed-in plans showing the Recommended Plan and your property are attached for your reference. Representatives from the project team and a representative from the Ministry of Transportation Property Section will be available at the PIC to address questions or comments directly.

The second Public Information Centre is scheduled for:

**Wednesday, December 14, 2016
4:00 PM to 8:00 PM
Cornwall Township Lions Club
17413 McPhail Road**

If you are unable to attend the PIC and would like further information regarding the study, please contact either the undersigned or one of the project team members named in the enclosed information.

Regards,
STANTEC CONSULTING LTD.
